Federal Credit Union

March 2018

Summer skip-a-pay is almost here!

Stop by the credit union to sign up
Skip your June or July loan payment and give yourself some extra cash for that big project

You requested it, we did it.

We have had many request to bring back our **prepaid visa cards** so they are now available!

Debit card fraud is on the rise!

If you receive a call from our fraud/transaction review department and they leave a message with a call back number be sure you call it back. They should never ask you to verify any account numbers or personal identification numbers other than your phone number. They may ask you to confirm the last few transactions on your debit card as well.

This is a service provided by the credit union through the Debit card processor. This service is to help protect you from fraudulent transactions on your account. The perpetrators **do not** have to have your card, in most cases the card owner has their card in their wallet. The perpetrator has obtained your card information and made a new card for themselves using all your account information. If transactions using these fake cards are approved there are no chargeback rights in most cases. This is why it is important to catch the transaction before it is approved.

It is also important that you keep the credit union updated on any changes in your home phone, work phone or cell phone numbers so that we can make sure our fraud department is able to reach you.

PREAPPROVAL Makes Car Shopping *Easy*

Getting preapproved for an auto loan at the credit union *before* you shop lets you know exactly what you can afford.

An auto loan specialist at your credit union will provide you with a letter showing the amount you're approved for. You'll share this with the dealership sales person to prove that you have the funds available to purchase a vehicle.

Once you choose a vehicle, getting financing through your credit union is a smart move. Credit unions generally offer lower rates than banks and dealerships on used- and new-vehicle loans.

Stop to see us today and we'll help you get on the road in some new wheels.
